

EXT. CARSON BEACH - DAY

Patches of snow cover the beach. There is no one there but Max. He sits on a rock drinking Dunkin Donuts coffee from a paper cup and looking at the ocean. A commercial airplane descends toward Logan Airport. As Max watches the plane touching down the runway, his vision blurs.

DISSOLVE TO:

EXT. JFK, DECEMBER 2010 - DAY

Light snow falls on the runway as an "AEROFLOT" plane touches the ground.

INT. AIRPLANE - DAY

Staring outside from a small window is Max (25), and his wife ANGELA (18), a beautiful woman closely resembling Emma. Max kisses Angela on the cheek.

MAX
At last. Excited?

ANGELA
More like scared.

She snuggles closer to him as she looks outside.

EXT. AIRPORT - DAY

Sound of airplanes, landing and taking off, mixes with the noise of the crowd waiting for busses and taxis.

Max and Angela drop their suitcases on the floor near a phone booth. Max gets a notebook from his pocket.

ANGELA
What if they don't remember you?

MAX
I did a huge favor for them, they must.

He picks up the phone, throws a few quarters in and dials a number. After a few long beeps, someone picks up the phone.

SARAH (V.O.)
Hello.
